9.05.090 – Automatic dialing telephone alarm requirements

No individual, firm, partnership, corporation, association, organization, company, or other entity shall use or cause or permit to be used or engage in the business of providing any telephone device and telephone attachment that automatically activates 911 lines connected to any Regional Communications (PSAP) Public Answering Point telephone, and then reproduce any voice message to report a burglary or robbery. Further, any individual, firm, partnership, corporation, association, organization, company, or other entity who is presently connected or engaged in the business of providing telephone devices or attachments that automatically activate the aforementioned 911 lines shall have until May 31, 1996, to have the alarm lines reprogrammed, removed, or deactivated.
